

Name: _____

Date: _____

Chapter 1 - Classification

Monocot vs. Dicot

Directions: Use what you learned from the Monocot vs. Dicot web page to draw a picture of each plant in the boxes below.

MONOCOT	DICOT

Now that you know what monocot and dicot plants look like, go collect any part (leaf, petals, seed) of each and glue them in the squares below.

MONOCOT	DICOT

Congratulations! You have completed the *Chapter 1: Classification* Web Activities worksheet!

Please turn you activity paper into your JMG teacher/instructor!
