

## Description of what we do:

- 45 Minute Period everyday as a required "elective"
- Around 75 students gain their JMG certifications through our class
- Use Operation Thistle, Operation Water, and LGEG curriculum

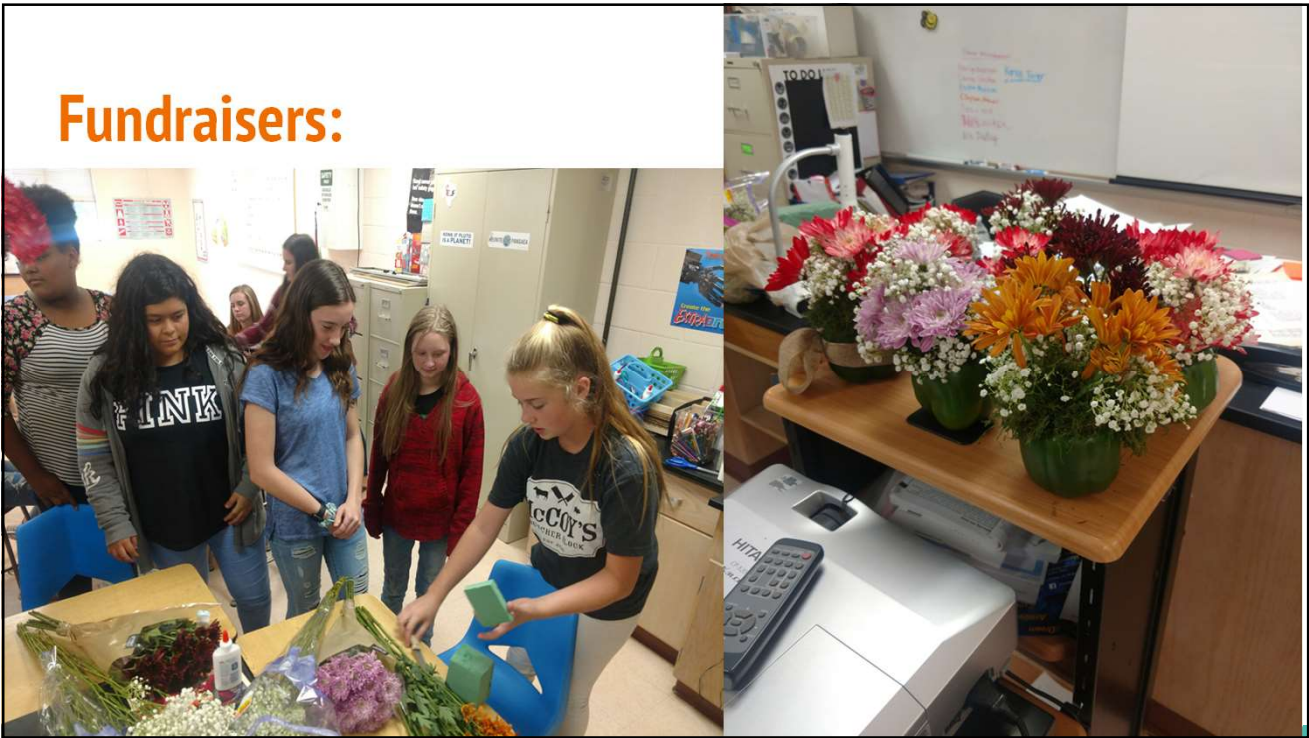

## How we got started:

- Asked by our principal to brainstorm for a new class.
- Were shown JMG material and contacted Randy.
- Ordered the Textbooks.
- After receiving textbooks, wrote a basic outline of the class for a year.
- Took it to our principal and were told "run with it".
- Gathered information on possible sponsorships for the program. (Free sounds good to any Superintendent.)
- Gave presentation to School Board and Superintendent.
- Went to the community for sponsors.
- May 2017 built first hoop house.
- August 2017 inaugural JMG class.
